

1. Drag a label
2. Drag a line edit
3. Drag another label
4. Drag another line edit
5. Drag another label(for the total)
6. Select the first label and first line edit with **Ctrl + mouse** and click the **vertical layout**.
7. Do the same for the second label and line edit.
8. Also drag and drop two push buttons and label them 'ADD' and 'CANCEL'.
9. Then select both push buttons and click the horizontal layout.
10. Then save and convert the .ui to a .py
